

2008 Student Housing & Transportation Survey

Note: This static version of the questionnaire displays a number of follow-up items, indicated by notes in red italics, that would have been hidden until activated by a response to a previous question. Different students would see different follow-up items depending on their previous responses.

UC Berkeley needs accurate and up-to-date information regarding students' transportation patterns and needs. Even if you have already graduated or left the university, please take about 15 minutes in order to help inform campus planning. Your answers will not be saved until you press the submit button at the end of the page. You will have an opportunity to provide your own suggestions and ideas at the end of the survey and to be notified when the results are available.

Your answers will be held in the strictest confidence and will not be identified with you individually. All completed surveys will be entered into a drawing for one of ten (10) \$75 gift certificates redeemable at a variety of local businesses.

Thank you for your help!

AC Transit

17. Did you obtain a Class Pass sticker in the fall 2008 semester?

- Yes
- No

Why not?

- I have a student parking permit
- I never take AC Transit
- Too difficult to obtain Class Pass sticker
- I requested one but it never arrived
- Other

18. Have you heard of AC Transit's proposal to bring Bus Rapid Transit (BRT) service to Telegraph Avenue?

- Yes
- No
- Not sure

As you may know, BRT would create a new bus line from San Leandro through Oakland and continuing along Telegraph Avenue until it reaches the UC Berkeley campus and downtown Berkeley. It would use traffic lanes dedicated to transit, more frequent service (buses every 5-8 minutes), stops spaced 1/3 to 1/2 mile apart, and other technological changes in an attempt to provide faster and more reliable travel similar to BART and other rail lines.

Campus planners would like to know how BRT might affect UC Berkeley students. Imagining that BRT were available now, how strongly do you agree or disagree with these statements?

	Strongly agree	Somewhat agree	Somewhat disagree	Strongly disagree	Does not apply to me

- No

***[If used carsharing]* Which service(s) did you use?**

***[If used carsharing]* What has been your experience with carsharing overall?**

- Excellent
- Good

- Fair
- Poor

***[If used carsharing]* How might your experience be improved?**

[If not heard of carsharing] As you may know, carshare providers such as City CarShare, Enterprise Rent-A-Car, and Zipcar offer short term rentals to UC Berkeley students 18 and older for occasional travel such as shopping, errands, and recreation. Membership and hourly rates vary, but for infrequent drivers they typically add up to much less than the total cost of owning a car (factoring in gas, insurance, maintenance, registration fees, and parking). For many students, carsharing could eliminate the need to keep a car at their local residence.

***[All students]* How important are these factors in your decision to keep a car at your local residence?**

	Very important	Somewhat important	Not very important	Not at all important

For me, owning a car is no more expensive than carsharing	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I make overnight trips on weekends where carsharing is too expensive	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
No carsharing location nearby	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

[If heard of carsharing but never used it] How important would these factors be in persuading you not to keep a car at your local residence?

	Very important	Somewhat important	Not very important	Not at all important
Having a carsharing location closer to my residence	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Lower membership fees	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
